Create a Front-End App with React ⧉

Learn Testing for Web Development ⧉

🪪 PROFILE

As a passionate and motivated young web developer based in Denmark, I specialize in front-end development. I thrive on creating projects with real-world applications while continuously expanding my knowledge of emerging technologies. With a strong educational foundation and a commitment to learning, I am well-prepared to contribute to innovative web development projects.

🧠 SKILLS

Frontend Frameworks *(React.js, TailwindCSS, RadixUI)*　　**Testing** *(Vitest, Jest, Unit, End-to-end)*

Backend Frameworks *(Next.js, Express.js)*

Database *(MongoDB, PrismaDB, MySQL, PostgreSQL)*　　**Other** *(Docker, Node.js, Git, Github)*

Languages *(Javascript, Typescript, HTML, CSS, Golang)*

🎓 EDUCATION

High School
Roskilde Katedralskole
08/2019 – 06/2022 | Roskilde, Denmark
Majored in mathematics and social studies, and took informatics at the second highest level, where I first got passionate about web development.

💼 PROFESSIONAL EXPERIENCE

Actief Hartmanns
Temp Worker
09/2023 – present | Køge, Denmark
I get called in whenever a company needs an extra set of hands. Tasks vary a lot.
